***Election/Restrictions***

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 5-6 and 11-13 drawn to a method for dyeing keratin fibers keratin fibers.

Group II, claim(s) 7, 10 and 14-15, drawn to a multi-component kit for dyeing keratin fibers.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The invention of group I, is drawn to a method for dyeing keratin fibers. The method comprises two steps for dyeing the keratin fibers.

The invention of group II, is drawn to a multi-compartment kit for dyeing keratin fibers.

The invention of group I recites a method that comprises two separate steps by applying to the keratin fibers firstly an aqueous composition comprising salts of organic or inorganic acids and subsequently a dyeing composition that comprises anionic direct dyes. These steps together are considered a technical feature that not found in group II.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Art Unit: 1751

4. A telephone call was made to Michael J. Striker on October 29, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently-named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
